Members absent: Jill, Victor, Andrew, Mak

I. Call to order - Lissa called meeting to the order
- Approval of minutes from September 3, 2026 - Jon motion to approve, Helen second

II. Old Business
- Fix It Fair
  - Friday, October 2, 5:30-8 (Victor, David) - Victor not able to make it tomorrow - David + 1 of Lissa's students will be there to volunteer - rain plan follow DSDA orders
  - Friday, December 11 5:30-8 (need volunteers) - David will volunteer

III. New Business
- Youth Symposium (Oct 3 2:30-3:30) - Haven't heard back from Demetrius about logistics — Don made little notepads, using scrap paper and cardboard with Elmers glue, instructions for the youth on how to do this at home.
- Greener Boro Waste Reduction Objective (Objective 1: Reduce solid waste); continued from last two meetings
- Follow up from City response to GreenRock grant - had been discussing CoS partnerships with GreenRock - great initial meeting with Brad and Marcos about the partnership, next steps were to bring proposal to legal, but no follow up — second hand information from Timeka (former KSBB, but now consulting with Jon) from City of Statesboro not ready to commit to grant application or partnership with GreenRock to reduce solid waste; Jon (GreenRock) had asked Bulloch County and they also did not want to partner. At this point, GreenRock would like some actual guidance on how to make this partnership move forward. Frustrating sentiments on trying to get collaborations going.
  - Should we invite Cain Smith, city attorney to come to one of our meetings? How do we DO STUFF? Can you advise us on how to go about this, how long do we need to give to bring ideas/proposals to the city to make collaborations happen?
- Recycle Fest - Nov 14th — tabling this for now, not sure if it will happen.
- EIEE (education, infrastructure, encouragement, enforcement) framework

- Bring back the idea of Greener Boro business - and asking for GB members to chat with one business for feedback/interest that might want to sign on!
- Past progress (see summary sent to GB list)
  - Fix It Fairs
  - Sustainability Resources flyer
  - Greener Boro Business framework
  - other?
- Discussion: what can GB do to move this objective forward in 2026/27?
