**How it works**

At the beginning of the year you will have the option of determining the amount of funds you would like to contribute for the year (there is a maximum). You have only one opportunity a year to enroll and you must re-enroll in this benefit each year. There are two options of accounts to choose from, the Health Care Account and the Dependent Care Account. The amount you designate for the year is taken out of your paycheck in equal installments each pay period and placed in a special account. As you incur medical expenses that are not fully covered by your insurance, you can use your Flexible Spending Account to cover the remaining cost with the card you will be provided. The designated funds must be used within the calendar year, however a maximum of $500 may be rolled over into the next calendar year.

Most over-the-counter medications are no longer eligible for reimbursement under medical Flexible Spending Accounts unless you have a prescription from your doctor and file a paper claim form. Please see plan document in the Human Resources office.

AFLAC OPTIONAL BENEFITS

Aflac is an optional benefit that offers Vision, Cancer, Accident, Short Term Disability, Life and also Supplemental Life Insurance. The premiums are taken out of your payroll. If you are interested in any of the Aflac policies please contact Human Resources.

TOBACCO FREE PROGRAM

The City of Statesboro tobacco free program is a voluntary program that rewards employees and covered dependents with a health insurance premium discount for being a non-tobacco user. In order to be eligible for this incentive employees and covered dependents complete an annual health risk assessment lab, sign a tobacco free affidavit and certify as a non-tobacco user.

**VACATION LEAVE**

All regular employees, working full or part-time, and career employees serving temporarily in substitute or acting capacities, are eligible to accrue vacation leave. Temporary, seasonal, and other part-time or substitute employees are not eligible for vacation leave.

**SICK LEAVE**

Sick leave is paid leave that may be granted to each eligible employee who through illness or injury becomes incapacitated to a degree that makes it impossible for him to perform the duties of his position; who has been quarantined by a physician because he has been exposed to a contagious disease; or for medical, dental, or optical examination or treatment.

An employee is eligible for FMLA leave only if the employee meets all three of the following eligibility requirements:
